New Giulia Quadrifoglio represents more than the most powerful Alfa Romeo ever created for street use. It represents a convergence of engineering and emotion that can only belong to a brand as fabled as Alfa Romeo.

Here's to a sports badge born 106 years ago that still stands for something totally original today: a passion for motoring unlike any other. Visceral. Energetic. Technological. Crafted.

The technology behind New Giulia Quadrifoglio is created to enhance performance and to give great driving sensations. The human/machine relationship is always at the core of all innovation to create a car that is a natural extension of the body, the mind and the heart of the driver.
